REUSE, RECYCLE
REMOVE!

Captain Trash

© Neil Blake, Nicole Wheatley

*Just add water - just add water
Just add water - just add water*

All the wild things - that love to swim
Fur and flippers and feathers and fins
They got a special thing - they're swimming in
Keep it how it's always been

CHORUS

*take a walk out on the pier - as the waves come rollin' in
Hold a shell up to your ear - can you hear the ocean sing?
If you care for me - then I can care for you
If you care for me - then I can care - for you*

*Just add water - just add water
Just add water - just add water*

It's way of life - too good to lose
So come on in and join the crew
Pick up your trash - you've got two hands
Leave only footprints in the sand
Your plastic trash - is their death trap
So why don't you just take it back?

CHORUS

port
phillip
BAYKEEPER®

PORT PHILLIP
ecocentre

REDUCE -

*Do you really need that plastic item?
What else could you use?*

REFUSE -

*Think ahead! Bring your own reusable bag.
Say "no thanks" to single use plastic.*

PEUSE -

Bottles and containers should be used many times.

RECYCLE -

What can you create with with it? If it can't be used again put it in the recycle bin.

REMOVE -

On the street or at the beach pick up and bin 3 bits of plastic trash. Join the crew!

What will you do?

[illegible]
